

FOR IMMEDIATE RELEASE

CellTrust Corporation is Recognized as Innovator of the Year

CellTrust Receives Innovator of the Year Award in the Small Company Category at Governor's Celebration of Innovation Held by Arizona Technology Council

SCOTTSDALE, ARIZONA – Nov. 16 – CellTrust Corporation, the recognized worldwide leader in secure mobile communication (www.celltrust.com), today announced that the company has been named Innovator of the Year in the [Arizona Technology Council's](#) Governor's Celebration of Innovation Awards, Small Company category.

The Governor's Celebration of Innovation is the Arizona Technology Council's annual awards program that, in partnership with the Arizona Commerce Authority, honors technology leaders and innovators from across the state. The event included the presentation of awards by the Arizona Technology Council's Steve Zylstra, and a speech by Arizona's Governor.

"We are proud to recognize CellTrust and the contributions they've made to innovation and technology in the State of Arizona," said Steve Zylstra, President and CEO of the Arizona Technology Council. "CellTrust is an outstanding example of how Arizona's innovative environment enables the building and growth of visionary enterprise in our state."

The Innovator of the Year, Small Company category recognizes an Arizona-based company that has been in business for more than two years, has revenue under \$50 million, and whose innovations were developed in Arizona.

"We are proud to receive this recognition from the Arizona Technology Council," said [Sean Moshir](#), CEO and Chairman of CellTrust. "As CellTrust continues to expand its global leadership position in secure information technology we will create more jobs in Arizona that we can fill with the large pool of technical talent right here in our state."

CellTrust, whose [SecureSMS®](#) technology is the world's first carrier-grade secure SMS product, has broken new ground in advancing mobile security. Today they also offer [SecureVoice™](#), [Smart Pager](#), and email options for private communication in the government, law, banking, healthcare, and military industries.

About CellTrust Corporation

CellTrust is a leading provider of [Secure Mobile Communication](#) and [Mobile Aggregation](#) services. For more information, visit www.celltrust.com. Visit CellTrust at Booth #717 at the [mHealth Summit Dec.3rd-5th](#) and see CellTrust's CEO, Sean Moshir at the Panel Presentation on Communications, Security, and Location in mHealth Applications and Solutions.
